To Whom It May Concern,

I am the Champion of CoderDojo \*\*\*\*\*, the local chapter of CoderDojo, a global movement which in 3 years has grown to over 550 Dojos in 50 countries around the world.

CoderDojo is a volunteer-led community of free local programming clubs for young people. At a Dojo, young people between 7 and 17 learn how to code, develop websites, apps, programs, games and explore technology using MIT Scratch, HTML, Javascript, Python and more!

There is a focus on community, collaborative creativity and self led learning with an emphasis on helping others and showing how coding is a force for change in the world! Most importantly CoderDojo is about encouraging creativity and having fun in a social environment. CoderDojo makes development and learning to code a fun, sociable, kick ass experience.

Dojos are organised, run and mentored by volunteers and since CoderDojo's inception all Dojos have been completely free and open to all young people who wish to attend. In order to enable this local Dojos are encouraged to reach out to businesses and organisations in their area to sponsor them and cover any costs that may occur.

There are a number of ways which your organisation could support us:

- Sponsorship in kind: Donation of a venue, insurance services, equipment,
- Fiscal sponsorship: A monetary donation to cover specific or general Dojo costs (eg. Donation to cover insurance costs).
- Provision of technical mentors to assist with CoderDojo sessions

There are a lot of benefits for your organisation in sponsoring your local CoderDojo chapter, CoderDojo \*\*\*\*\*:

- Your logo will be featured on our Zen listing page, Zen in the global CoderDojo database which is viewable at [zen.coderdojo.com](http://zen.coderdojo.com)
- Your logo and details would be featured on our website, social media and Eventbrite listings.
- You will be able to reference your support of a growing global initiative that is supporting the digital creators of tomorrow in your newsletters, publications and reports etc.

Thank you for taking the time to read this. If you are interested in getting involved and supporting CoderDojo \*\*\*\*\* you can contact me at \*\*\*\*\*. For more information on CoderDojo please see <http://coderdojo.com/>.

Kind regards,

\*\*\*\*\*

Champion, CoderDojo \*\*\*\*\*
